

AROUND THE NEIGHBORHOOD

Taste of Honeygo Festival

We did it again at Honeygo Village Center! We closed off Honeygo Center Drive from Liberators to the Young School, put a big tent with a stage at one end, and added tons of kids' activities at the other end. The tenants and other vendors set up booths to provide fun and shopping opportunities for all. Our restaurants really showed why Honeygo Village Center is a food destination in Baltimore County.

Baltimore Hoop Love brought the love again this year. Spilly spread out the hula hoops, smiling and hooping with our guests. The balloon artist made awesome creations and our face painter left the kids smiling with snakes and mermaids and lots of beautiful drawings on their faces. The lovely still walker, Shorty, all dressed in red, really made our visitors smile.

We added a Temporary Tattoo tent this year and it was a big success. Those kids (and some adults) are really serious about their tattoos! A Marvelous Spark was a new addition, providing rock painting, collage making and more to anyone who wanted to participate. KS White Tiger awed the audience with their spectacular martial arts demonstration again this year.

We always have fantastic music at the Taste of Honeygo Festival. This year the kids from the Baltimore School of Rock house band started off the afternoon with some serious music chops. Our main act was Jonathan Sloane, who wowed the audience with his songwriting, tone and lyrical lead guitar playing. The trio played music deeply rooted in the blues, expanding into R&B, rock 'n' roll, funk and soul. Folks were grooving and dancing all afternoon.

MORE ENERGY. MORE RESULTS. MORE LIFE.

MEET HEATHER W.

Orangetheory
WHITE MARSH

Meet Heather, one of our extremely hardworking members. From being an amazing mother, a successful business woman, and life, Heather prioritizes her hour of the day to make it to the studio!

"I started OTF on September 6th, 2020 and I have been obsessed ever since. I couldn't believe that I recently hit 300 classes... I felt so accomplished! There is so much to love, but here are a few things I love about Orangetheory Fitness!"

- *The people, staff and the community, at White Marsh and around the country. With your Orangetheory membership you are able to use any Orangetheory studio in the USA. I literally have accountability buddies in multiple states and I love it! I love my White Marsh accountability partner and sweat sister! I also have amazing coaches that keep me in line when I'm being a little lazy in class.*
- *The workouts are different every day and challenging. And on those hard days, I think to myself, "I can't believe I pay for this." But it is totally worth every single penny in the end!*
- *The ease of registering for classes, reviewing your workout metrics at the end of class and tracking your progress with different benchmarks on the app is just a few more things that I love about OTF. Check it out, you will not regret it!"*

Your first class is FREE.* Call us today to schedule the best hour of your day!
